

Astana Folding Container Low-Pressure Type

Overview

Featuring a new approach to cabinet design – with an ultra-low, flat, front top profile – Astana LX provides immediate access to products and makes it far easier for customers to pick and personnel to load. Its strong point?

Increased load capacity thanks to a display area 8% larger. Latest-generation LX design, an intelligent use of vertical space and a reduced footprint: Mini Astana LX is the glass-door vertical cabinet that combines superb performance for frozen food preservation with the quality presentation needed for really effective self-service sales. Astana LX offers numerous advantages to stores seeking to satisfy the needs of today's and tomorrow's consumers: latest-generation LX design, an impressive display area, thoroughly optimised ergonomics, high efficiency and low capacity. This low-pressure dewar features a narrow neck opening which helps to keep the loss rates to a minimum. This container is not meant for LAG pressurised containers (working pressure 2 bar) are available in 20 ft, 30 ft and 40 ft. We maximise the volume thanks to a standard width of 2,550 mm, but a custom width of 2,500 mm or 2,438 mm (ISO) is also possible. Features: 12' Long hose lets you connect your Olympian gas heater (sold separately) to a propane cylinder Low-pressure regulator included 57721 Camco LowPressure LP Gas Regulator w/ 12 Foot Long Use this 6' long hose to connect your Olympian gas heater (sold.
