

Belgian grid-connected solar inverter company

Overview

Our team of experts designs and crafts high-quality inverters that ensure the efficient conversion of solar energy into electricity. Ikaros Solar specializes in photovoltaic (PV) projects and offers comprehensive energy solutions, including engineering, procurement, and construction (EPC) services for solar installations. Our cutting-edge technology ensures optimal performance and longer battery life, empowering homeowners. They specialize in solar panel installations, energy management services, and broader renewable technologies, catering to both residential and commercial clients. Each company contributes to Belgium's goal of enhancing energy sustainability and reducing reliance on fossil fuels. Continue reading to. Amsterdam, September 30, 2025 – Sungrow, global leading PV inverter and energy storage system (ESS) provider, today announced the successful grid connection of the first 400MWh of ENGIE's 200MW/800MWh battery energy storage project in Vilvoorde, Belgium. The largest of its kind on mainland Europe. Solar-In, a trusted Belgian designer and manufacturer, has over 13 years of expertise in developing solar inverters. 5% year on year amid record sunshine.
