

# Black Mountain Air Cooled Energy Storage Project

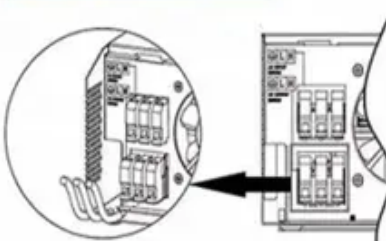

**Parallel** (Parallel operation up to 6 unit (only with battery connected))

**AC input wires**

**AC output wires**

## Overview

---

Black Mountain Energy Storage proposes to construct a utility-scale battery energy storage system (BESS) project in Kittitas County, Washington. The land is currently under a purchase option, pending sale. BMES' quickly expanding team of energy experts are fast actors in pipeline. Standalone storage developer Black Mountain Energy Storage has pivoted its development expertise to SPP and MISO as its home market of ERCOT has continued to get over-saturated. BMES presently has over a 1 GW of storage projects collectively across both grid operators and both regions offer. Bend Irvine Los Angeles Mobile Oakland Orlando Palm Beach County Pasadena Pensacola Petaluma Portland Rancho Cucamonga Sacramento San Diego San Francisco San Jose Santa Barbara Sarasota Seattle Tampa Thousand Oaks OUR COMMITMENT TO SUSTAINABILITY | ESA helps a variety of public and private sector. Black Mountain Energy Storage has established itself as a pioneering entity within the dynamic realm of energy storage solutions, focusing on both utility-scale and project developer needs. The project, Bufflehead BESS, was first introduced into the public domain in February 2022, when BMES filed an interconnection request with ERCOT for the development. AI-Generated Content: All content on this page was generated by AI to highlight key points from the meeting. The council voted to let the city manager negotiate terms for a proposed sale of about 6,000,000.

## Black Mountain Air Cooled Energy Storage Project
