

Boyoue earthquake-resistant photovoltaic bracket

Overview

Boyue Photovoltaic Technology Co., Ltd is located in Hebei Province, China, the factory covers an area of 18,000 square meters, and 150 workers, 66 kilometers away from Beijing Airport and 180 kilometers away from Tianjin Xingang. Our company focuses on the detailed design, sales, production. Our company focuses on the research and development and production of earthquake resistant brackets and their accessories. Concrete supports are mainly used in large-scale photovoltaic power stations. Ground type photovoltaic bracket: suitable for flat areas, large solar photovoltaic power stations and buildings and other places, can withstand strong winds. In order to respond to the national goal of "carbon neutralization" and make more rational and effective use of photovoltaic resources, combined with the actual photovoltaic substation project, a fixed adjustable photovoltaic support structure design is designed. The frame is made from durable aluminum material, and is customizable in terms of thickness, as well as wind speed up.
