

Can I paint a moldy locker

Overview

Start by lightly sanding the lockers to get rid of any shine. After that, I'd recommend using spray paint—specifically a gloss or enamel type. The key is patience—don't rush it!. Painting metal lockers can be a transformative and cost-effective solution to revitalize their appearance while providing added protection against rust and corrosion. They keep clutter out of sight and bonus: they can be very inexpensive! In this tutorial I'll show you how I refinished old rusty metal lockers. Then I came up with a plan, an easy plan.
