

Colombian energy storage lithium battery company

Overview

BATX, Colombia's first lithium-ion battery manufacturer, leads an energy revolution through circular economy — giving electric mobility batteries a second life for solar energy storage. That is the mission of BATX, a company that is redefining the country's energy transition. 9MW Celsia Solar Palmira 2 farm in Valle del Cauca to help increase the generation capacity of. As Colombia aims to generate 20% of its electricity from renewables by 2030, Medellín's lithium battery initiative emerges as a game-changer. We pioneered the technology over one decade ago, and today almost half our new projects include a storage component. Energy storage is a “force multiplier” for carbon-free. The company offers self-storage solutions and custom warehouse rentals, which can be relevant for energy storage needs. Storage Availability Solutions S. Here's why it matters: Move over, oil.
