2. Positive Feedback Some owners report the heater saves money and is a nice heater when it runs, with long service life in select cases. Before you read this, it might. Steffes Corporation manufactures various electric thermal storage heating equipment, including room heaters, heat pump boosters, central furnaces, load management controls, and off-peak hydronic and air and demand management units. The company provides tree stump grinder that is used for laser. In the next few weeks I have to A) Replace my 10 year old oil tank at a cost of \$1700 OR B) Get rid of my forced hot air system altogether and install a Steffes ETS unit at a cost of \$3140 (plus I can get time of day rates/use). My question is what do I do!! I am just looking at oil receipts now. Wondering if anyone in Nova Scotia with a Steffes Hydronic heating systems could shed some light on what I should be expecting to pay for my winter power bill. I just moved into this house in the summer so I'm yet to have a winter with this system but as I understand they are very efficient and.
