Overview

SolisStorage has officially launched its EverCore Commercial and Industrial (C&I) energy storage system in the Philippines, marking a new step in the country's clean energy development. Recent tenders from NGCP (National Grid Corporation) emphasize three critical factors: "The winning bidder in Leyte's 20MW project used hybrid liquid-cooling systems, reducing energy loss by 18% compared to air-cooled units. These containers are designed to meet the requirements for off and on-grid applications and are ideal in combination with renewable stations.
