

Cost of waterproof outdoor telecom enclosures for airports

Overview

Prices for outdoor telecom cabinets as of 2025 can run anywhere from \$900 to \$5,000, depending on design, materials, and integrated systems. Let's break that down: Why such a wide range?

Because not all cabinets serve the same function. For example, a simple outdoors weatherproof enclosure cabinet. When your network infrastructure demands reliable outdoor protection, American Products delivers weatherproof telecom enclosures engineered for performance and built to last. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices. Volume discounts (reflected in tiered pricing) can significantly impact large deployments. Designed to house a variety of communications equipment, CUBE customers take advantage of our engineering and factory integration for. The WOD-62DXC NEMA enclosure (63"H x 32"W x 30"D, 33 RU) is a heavy-duty, all-weather solution designed for telecom and mission critical applications. Built from AlumiFlex®, a lightweight yet durable material, it provides steel-like strength to support the heaviest equipment.
