

# Electric vehicle costs tunis city

## Overview

---

Combien coûte une voiture électrique en Tunisie ?

Les prix varient entre 116 000 DT et 400 000 DT selon le modèle et les incitations disponibles. Quels sont les avantages fiscaux pour ces véhicules ?

Exonération de droits de douane, TVA à 7 %, et bonus écologique de 10 000 DT. Tunisia's electric vehicle (EV) market is growing fast in 2025, driven by government incentives and increasing consumer interest. The market now offers a range of options, from budget-friendly EVs to luxury models, with brands like Hyundai, BYD, Tesla, and XPENG leading the charge. Key highlights. Established car manufacturers such as BMW, Volvo, and Volkswagen have started exploring the Tunisian market, offering affordable electric vehicle models tailored to regional needs. As the country aims to reduce its carbon footprint and dependence on fossil fuels, the Tunisia Electric Vehicle Market presents ample opportunities for. The cost of electricity is lower per kilometre than petrol or diesel, making all-electric cars cheaper to run on a daily basis. In fact, with zero tailpipe. Tax Breaks: EVs are fully exempt from VAT and customs duties, saving you significant costs compared to traditional vehicles, which face taxes up to 360%. To support this transition, the 2024 Finance Law reduces VAT on EVs from 19% to 7%, cuts registration fees by 50%, and.
