

Emergency Use New Zealand Lithium Battery Cabinet Dustproof Type

Overview

Safe storage for lithium-ion batteries. Ideal for domestic use (e-scooters, e-bikes and power tools), and smaller businesses, commercial workspaces, laboratories, workshops and building sites. This unit keeps the potentially highly flammable batteries contained and away. Our Lithium-ion Battery Cabinets are designed to minimise this risk through controlled, ventilated and secure containment. Is Your Workplace One Spark Away from Disaster?

Tools and devices powered with Lithium-ion batteries are relied on in workplaces across NZ, and we are starting to see the risks of this. The doors of this Lithium-Ion Battery Storage Cabinet have 2 factor latching with 3 x 304 stainless steel slam shut catches on the inside. On the outside - 2 x 304 Stainless Steel latches join the doors together to become one - mitigating the chance of the doors blowing open in a multi - battery. Safely charge Li-Ion batteries with this 170L smart cabinet! Fire-resistant, ventilated, and packed with safety features—ideal for industrial, commercial, and residential use. Reliable, efficient, and built to protect.

Emergency Use New Zealand Lithium Battery Cabinet Dustproof Type

[Lithium-ion Battery Cabinets - Storemasta NZ](#)
