

GCL integrated household energy storage system

Overview

Combined with energy storage and home energy management system (HEMS), system allows you to store the solar energy for night time when needed. With energy bills ever increasing, self-consumption of this solar energy is the smart way to save money and reduce your. GCL provides photovoltaic energy storage products, covering energy storage products used in residential, C&I, utility and other industries. Golden Concord Holdings Limited (as referred as “GCL Group”) is a green, low-carbon technology enterprise, focusing on diversified new energy, clean energy, and renewable energy solutions, such as wind, solar, energy storage, hydrogen, ammonia, and alcohols.
