

Geographic locations cape verde

Overview

The Cape Verde Islands are located in the mid-Atlantic Ocean some 450 km (280 mi) off the west coast of the continent of Africa. [1] The landscape varies from dry plains to high active volcanoes with cliffs rising steeply from the ocean. Praia, on Santiago, is the capital. The total area of the archipelago covers 4,033 square kilometres and includes ten larger islands, of which nine are inhabited, and. A little over 500 years ago, early Portuguese explorers discovered an archipelago of ten islands just off the coast of West Africa (620 km. /385 miles due west of Senegal) and about halfway between Portugal and Brazil. Because there was inadequate water, the islands had no permanent settlements at.
