

Georgia manufacturing energy storage

Overview

San Diego-based home battery storage company NeoVolta has formed NeoVolta Power, a joint venture (JV) to develop a US battery energy storage system (BESS) manufacturing platform in Pendergrass, Georgia. The JV is between NeoVolta, system integrator PotisEdge and solar PV company Longi. The BESS projects were authorized by the Georgia Public Service Commission (PSC) through. NeoVolta Inc. Energy storage company NeoVolta announced its collaboration with BESS. The Georgia facility is built for an initial annual production capacity of 2GWh, with the potential to scale up to 8GWh. It is scheduled to start mass production by mid-2026.

Georgia manufacturing energy storage

Energy Storage , Georgia

Because of the potential world changing effects of advancements in energy storage, this sector will have implications to the auto and energy industries, commercial and residential energy consumers.
