

Grid-connected supplier of folding containers for farms

Overview

At Growtainers®, we manufacture custom vertical grow rack systems for shipping container farming, microgreens, tissue culture, and more. Plus, you'll be part of the largest global network of Freight Farmers, where growers share. A Growtainers® container (patent pending) is a custom-designed and highly engineered stackable, mobile, and fully customizable vertical production environment: a fully insulated shipping container farm that has been specifically modified to provide the optimum controlled vertical environment for. Growtainers® are at the forefront of Controlled Environment Agriculture (CEA) innovation, offering state-of-the-art Growtainer® containers that transform traditional farming into a modern, sustainable practice. This creates clean and healthy produce using sustainable farming methods and technology. Custom LED arrays emit an intense amount of light that encourages the plants to grow. Designing, building, selling and supporting controlled-climate container farms that grow gourmet mushrooms, leafy greens, culinary herbs, micro greens, barley fodder and tree seedlings. YEAR-ROUND GROWING IN ANY.
