

Home photovoltaic panel contract

Overview

We'll explain how solar leases and power purchase agreements (PPAs) work, what a UCC-1 filing really is (and why it's usually nothing to panic about), and how to spot red flags in solar contracts before you sign. If you own your house and you sign a contract to use the system. Contracts often last 20 years or more. You don't buy the system or own anything installed on your property. During the term of the contract, you're entitled to use all the power the system produces. You'll probably buy less power from your electricity. Yet, a home solar contract has terms and details you should understand before signing a major, long-term investment. Residential solar project in Anchorage, Alaska. As the cost of solar energy comes down, more Americans are installing solar.
