

# How many years is the warranty for Haitai photovoltaic panels

## Overview

---

Product warranty: 25 years, covering repair, shipping, and all components of the solar system. A 10-year warranty is also offered for storage and monitoring equipment. If the modules occur quality problems caused by materials or production process during using, installation and maintenance within 12 years from the date of the warranty, after verification by independent testing organization recognized by Haitai and the customer. Haitai Solar is a China manufacturer specializing in green energy, covering nine major sectors including photovoltaic modules, photovoltaic power stations, photovoltaic mountings, photovoltaic cells, graphite/carbon electrodes, energy storage, battery swapping, hydrogen energy, and wind energy. We. The product warranty covers defects in the solar panel itself and typically covers around 20-25 years, although some manufacturers offer longer warranties up to 30 years or beyond. But like any product exposed to the elements, things can go wrong. Whether it's a manufacturing defect, a sudden performance drop, or wear and tear over time, you want to be protected. Product Warranty The product warranty is the manufacturer's warranty that protects the customer against defects. NMOT (Nominal Module Operating Temperature): Irradiance 800W/m<sup>2</sup>, Ambient Temperature 20°C, AM1. Installation Holes \*Due to continuous innovation, R & D and product improvement, Haitai Solar has the right to adjust the specs on this datasheet at any time without prior notice.

## How many years is the warranty for Haitai photovoltaic panels

### ÄÜ²¿Ä¼p

Tangshan Haitai New Energy Technology Co., Ltd (hereafter "Haitai") guarantees that its solar modules (hereafter "modules") are designed and manufactured for a long-life span and provides the limited ...

### [Solar Panel Warranties What They Cover and How Long They Last](#)

The performance warranty guarantees that your panels will still produce a certain percentage of their original output after a number of years. Typical Coverage Length: 25 to 30 years

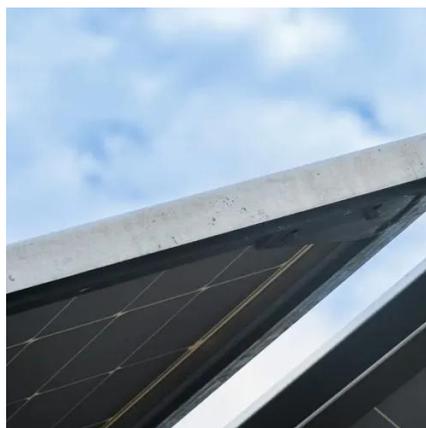

### [Solar Panel Warranty -- Clean Energy Reviews](#)

The performance warranty also referred to as the power output warranty, ensures that the solar panel still produces a minimum amount of power output after the expected 25-year life of a panel.

### [How many years is the warranty for Haitai photovoltaic panels](#)

The product warranty covers defects in the solar panel itself and typically covers around 20-25 years, although some manufacturers offer longer warranties up to 30 years or beyond.

### [Solar Panel Warranty 101: Details and Comparison](#)

Solar panel systems have a long lifespan, ranging from 25 to 30 years or more, and you may never need to replace them. However, there are cases where repair or replacement may be ...

### **LIMITED WARRANTY STATEMENT ...**

Tangshan Haitai New Energy Technology Co.,Ltd (hereafter "Haitai") guarantees that its solar modules (hereafter "modules") are designed and manufactured for a long life span and provides the limited ...

### [Solar Panel Warranties: Everything You Need to Know](#)

Most solar panel manufacturers offer warranty periods ranging from 10 to 25 years, with some extending coverage for longer durations. To make an informed decision, it's essential to carefully review the ...

### [Haitai 370W Half-Cell Poly solar Panel HTM360-380PH-78](#)

LINEAR PERFORMANCE WARRANTY 12-year product warranty / 25-year linear power warranty  
100% Linear power guarantee of Haitai Solar modules 90%

### Solar panel warranties: What to know

Solar panels generally come with two warranties: The product warranty covers the equipment and typically guarantees at least 10-12 years without fail, and the power or performance ...

### Green Energy Smart Manufacturer

Haitai Solar is a China manufacturer specializing in green energy, covering nine major sectors including photovoltaic modules, photovoltaic power stations, photovoltaic mountings, photovoltaic cells, ...
