

Huaneng Wind Power Generation Project

Huaneng Wind Power Generation Project

[World's most powerful direct-drive floating wind turbine unveiled in](#)

BEIJING -- China has achieved a major breakthrough in clean energy technology with the rollout of the world's most powerful direct-drive floating wind turbine.

[Huaneng Zhuanghe 850 MW offshore wind power project connected ...](#)

After grid connection, it will join hands with the Zhuanghe II and IV1 projects to jointly form the largest offshore wind power cluster in Liaoning Province, with a total installed capacity of up ...

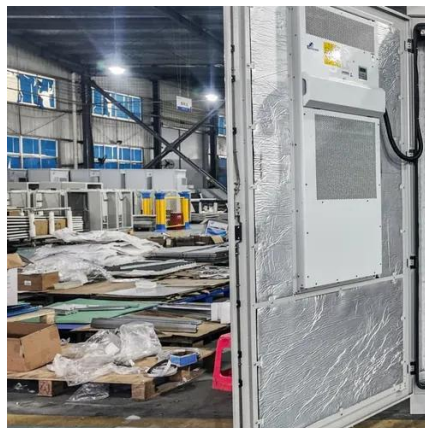

[Huaneng Group's new energy installed capacity has exceeded 60](#)

The project has broken through the complete set of key technologies for the design and construction of large megawatt onshore wind farm, and for the first time, large capacity wind turbines ...

[World's largest floating wind turbine to power 40,000 homes yearly](#)

China has unveiled the world's most powerful direct-drive floating wind turbine, marking a major leap in renewable energy innovation. The 17-megawatt unit was developed by state-owned ...

[GE Renewable Energy Signs Agreement with China Huaneng Group ...](#)

GE Renewable Energy and China Huaneng Group Co. Ltd. signed an agreement at the China International Import Expo (CIIE) to build a 715 MW wind farm in Puyang, Henan Province, China.

[Huaneng to step up investments in new energy projects](#)

China Huaneng Group, the second-largest power utility in the world by installed capacity, said it will increase investments in new energy projects, including solar and offshore wind power, this ...

[China unveils plan to test ultra-large 35MW offshore wind turbines](#)

China has taken another bold step in the race to build the world's most powerful offshore wind turbines. A new construction tender issued by Huaneng, one of the country's largest state-owned

[Power plant profile: Huaneng Lingao Offshore Wind Power Project, ...](#)

The company constructs power transmission and coal transportation channels, indicating a comprehensive internal distribution network. It operates primarily within China, developing coal ...

[China's highest-altitude wind turbines in Xinjiang connected to grid](#)

The first-phase wind turbines of the 300-megawatt wind power project in northwest China's Xinjiang Uygur Autonomous Region have been connected to the grid, China Huaneng Group said on ...

Newsroom-detail

On February 26th, Wen Shugang, Chairman of China Huaneng Group, announced at the 2024 renewable energy project construction promotion conference that China Huaneng started and ...
