

Huawei South Africa Large Energy Storage

Overview

[Johannesburg, South Africa] 24 March 2025 — Huawei Digital Power Sub-Saharan Africa announces a ground-breaking solution that will meet the dynamic demands of the commercial and industrial (C&I) energy storage sector across Sub-Saharan Africa. The Model LUNA2000 200kWh-2H1 is a high-capacity smart-string BESS that delivers superior performance and can be scaled up to. Key Figures & Findings: Huawei Digital Power Sub-Saharan Africa has signed on as the exclusive OEM for the Palabora Mining Company (PMC) solar-plus-storage project, a flagship venture packaged by developer Journey 2 Green through its Mzansi Energy Consortium and announced at the 2025 SNEC Expo in. Summary: Explore how Huawei's groundbreaking energy storage solutions are reshaping renewable energy integration, grid stability, and industrial power management. Discover real-world applications, performance data, and why this technology matters for global decarbonization efforts. From large corporations to micro, small and medium-scale enterprises (MSMEs), energy stability is essential for productivity and business growth.

50KW modular power converter

- Flexible Configuration**
 - Modular Design, Expanding as Required
 - Small/Light, Well Mounted
 - Installed in Parallel for Expansion
- Powerful Function**
 - Support PV/ESS
 - Grid Support, Equipped with SVG Technology
 - On-Grid and Off-Grid Operation
- Reliable Protection**
 - Outdoor IP55 Design
 - Sufficient Protection Functions Equipped

Huawei Backs PMC Solar Storage Project

Huawei partners with PMC Solar to deliver South Africa's first utility-scale grid-forming solar storage system, pioneering renewable energy integration and grid stability.
