

Huawei s outdoor power supply factory in Germany

Overview

Acondistec has been distributing Huawei Digital Power's Data Center Facility & Critical Power portfolio with market-leading products and solutions in the areas of power supply, energy management and cooling for data centers and industrial customers since 2015. Headquartered in Shenzhen, China, the company has been present in Germany since 2001. Schneider Elektrotechnik GmbH specializes in safe and constant power supply. A hybrid telecom power system typically consists of solar panels, batteries, and a backup generator. 5kWh battery expansion packs and can support up to 6 power packs, reaching 17. 5kWh, to provide a stable power supply for various household appliances. It uses square aluminum case lithium iron phosphate power. With the continuous development of Huawei's energy storage industry, outdoor power supply will also transform batteries from dumb devices into a cloud-based and smart energy.
