

# Iran wireless solar-powered communication cabinet inverter

## Iran wireless solar-powered communication cabinet inverter

### [Hidden Devices in Solar Grid Inverters and Batteries](#)

Over the past nine months, forensic security teams have logged multiple brands of Chinese solar inverters containing hidden wireless communication equipment. Investigators have also discovered hidden ...

### ['Rogue' communication devices found on Chinese-made power inverters](#)

These communication capabilities are disclosed in what's called a software bill of materials - a listing of the components that comprise the inverter package. The communication devices uncovered by the ...

### **U.S. officials Investigating Rogue Communication Devices in Solar Power**

These inverters, which are essential components that convert direct current from solar panels into alternating current usable by the electrical grid, were found to contain undocumented cellular radio ...

### [Rogue Communication Modules in Solar Inverters: Radiflow Threat](#)

In May 2025, Reuters disclosed that Chinese-made solar inverters were being delivered with undocumented cellular radios --SIM-card slots and RF circuitry secretly soldered onto their PCBs and ...

### [The Hidden Threat: How Rogue Communication Devices in Solar Inverters](#)

This investigative article exposes the discovery of undocumented communication devices hidden in Chinese-made solar inverters, creating unprecedented vulnerabilities in global power grids.

### [Hidden communications devices found in Chinese solar power inverters](#)

U.S. energy officials are reassessing the risk posed by Chinese-made devices that play a critical role in renewable energy infrastructure after unexplained communication equipment was found inside some of ...

### [Communications Backdoor in Chinese Power Inverters](#)

Reuters was unable to determine how many solar power inverters and batteries they have looked at. The rogue components provide additional, undocumented communication channels that could allow ...

### [Rogue communication devices found in Chinese solar power inverters](#)

The two people declined to name the Chinese manufacturers of the inverters and batteries with extra communication devices, nor say how many they had found in total.

### **Beware the "rogue communication devices"**

Reuters published a story yesterday that seems alarming on its face -- Chinese manufacturers may be putting secret communication devices in our solar inverters.

### [Iran pushes for local inverter production amid rapid ...](#)

Iran has committed to a plan to support local manufacturing of solar inverters as the country's solar power generation continues to surge.
