

# Is it okay to stick photovoltaic panels on the roof

## Overview

---

No, solar panels won't damage your roof if installed properly. Professional installers ensure they're securely mounted, using roof-friendly methods to avoid leaks or structural issues. Professional installation typically includes 5-25 year warranties and ensures compliance with 2025. Mounting solar panels on a roof surface to create a solar power system is known as rooftop solar mounting. However, the initial costs and practical concerns merit consideration. Select appropriate mounting hardware, 2.
