

# Jikong Photovoltaic Energy Storage Protection Board

## Jikong Photovoltaic Energy Storage Protection Board

### [JIKONG JK-Energy Storage Series BMS Protection Board](#)

The protection board is compact, easy to operate, and feature-rich, making it suitable for high-power energy storage, base station backup power, solar power stations, and other products' battery packs.

### **JK BMS Energy Storage Protection Board**

High-Quality Materials: Constructed with high-quality PCB and PCBA materials, this protection board is built to withstand the demands of heavy use, ensuring reliability and durability.

### [JIKONG Lithium Battery Smart Protection Board](#)

The board is compact, easy to operate, and feature-rich, making it ideal for battery packs in small sightseeing cars, scooters, shared cars, high-power energy storage, base station backup power, and ...

### [Jikong Smart 8/24 Series Lithium Battery Power Display, Dedicated](#)

Meanwhile, we are well aware that the protective board is the "safety line" of the energy storage system. Our independently developed intelligent protective board has five core protection functions: Over - ...

### JK4-8Lithium battery protection board

This protection board is one of our best-selling products. Its main application scenarios include RV energy storage, photovoltaic energy storage, and it can also be used in power electric

### Product manual - JiKong BMS

JK-B1A8S-10P Lithium battery active balancing protection board-V15.3.3 Download PDF Document  
JK-B2A8S-20P Lithium battery active balancing protection board-V19.2.1 Download PDF Document  
JK ...

### [JiKong Protection Board Energy Storage Protection Board Iron Lithium](#)

1. Why can't the battery discharge? Low voltage triggers protection and stops discharging. 2. The protection board malfunctions or is damaged. 3. correct wiring or line interruption. 2. Why can't the ...

### [JIKONG BMS JK-PB2A16S20P Home Energy Storage protection ...](#)

The wiring sequence of the lithium battery protection plate: Note that the wiring of different protection plate manufacturers is not common. Please ensure that the wiring is correct.

### [JIKONG Lithium Battery Smart Protection Board](#)

This manual details the specifications and operational procedures for JIKONG's intelligent lithium battery protection boards. Designed for robust battery management, these boards offer advanced features to ...

### Smart BMS - JIKONG BMS

JIKONG Smart BMS Products JIKONG Lithium battery protection board (BMS) has obtained a number of invention patents and a number of certifications at home and abroad.

- ✓ LIQUID/AIR COOLING
- ✓ ON GRID/HYBRID
- ✓ PROTECTION IP54/IP55
- ✓ BATTERY /6000 CYCLES

### Chengdu Jikong Technology Co., Ltd.

This product is an intelligent lithium battery protection board for energy storage applications. It adopts precise detection technology to protect the energy storage battery from overcharge, overdischarge, ...
