

Longi photovoltaic panel model

Overview

LONGi offers four main module series, the Hi-MO 7, Hi-MO X6, Hi-MO 5, and Hi-MO 5m, but only the Hi-MO 5m Series offers panels for residential use. Bifacial solar panels are not practical for residential installations but have gained popularity in commercial applications over the. LONGi supplies its reliable, high-performance solar modules to 6 continents and 85 countries and regions to power the world toward a low carbon future. HIBC (Hybrid Interdigitated Back-Contact) refers to a high-low temperature composite passivated back contact technology. LONGi has been in the solar photovoltaic business for over 20 years, which is important as you can trust that they will be in business over the lifetime of your panels. With their commitment to quality, innovative technology, and excellent customer service, Longi has established itself as a leading player in the solar industry. By choosing Longi, homeowners. As global solar installations surge by 18% year-over-year, one question keeps resurfacing: Why do industry leaders consistently choose Longi photovoltaic panels?

With its record-breaking efficiency rates and vertically integrated manufacturing, Longi Green Energy Technology has become synonymous. LONGi Solar was founded in 2000 and is based in Xi'an, China. It's one of the world's largest solar panel manufacturers. Their product range also includes monocrystalline silicon wafers, building-integrated photovoltaic solutions (BIPVs) and alkaline water electrolyzers.

Longi photovoltaic panel model

[Longi Photovoltaic Panels: Brand Overview and Top Models for 2025](#)

With its record-breaking efficiency rates and vertically integrated manufacturing, Longi Green Energy Technology has become synonymous with high-performance solar solutions. Let's ...

LONGi Solar Panels

LONGi, founded in 2000, is a solar panel manufacturer based in San Ramon. On this page, you can find a complete list of solar panels from LONGi and compare models side-by-side.

[High-efficiency Module. Longi solar module](#)

LONGi launched its mono-PERC modules in 2016, featuring integrated PERC technology on monocrystalline silicon and low light degradation, and its cell efficiency has increased from 21% to ...

LONGi Solar Panels Review (2024) , 8MSolar

In November 2022, LONGi Solar introduced its groundbreaking Hi-MO 6 series, marking a milestone in solar panel technology. The new panels utilize Hybrid Passivated Back Contact (HPBC) cell ...

[LONGi Solar Panels & PV Modules , High-Efficiency Monocrystalline](#)

Backed by advanced technologies, LONGi solar panels feature excellent power ratings and top conversion efficiencies, and can be used across all market segments. LONGi's field-proven bifacial ...

Longi solar panels

Longi offers a wide range of solar panels for both residential and commercial applications, designed to meet the specific needs of different customers. For residential installations, Longi ...

LONGi Solar panels review 2026

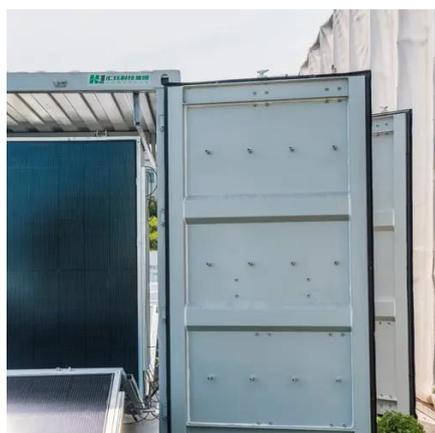

LONGi Solar panels show good efficiency and reach up to 25% conversion rate. The engineers make use of the latest technologies such as multibusbars, half-cut cells, PERCs and N ...

LONGi Solar-Modules Comparison

LONGi module product model comparison to help you quickly make product selections.

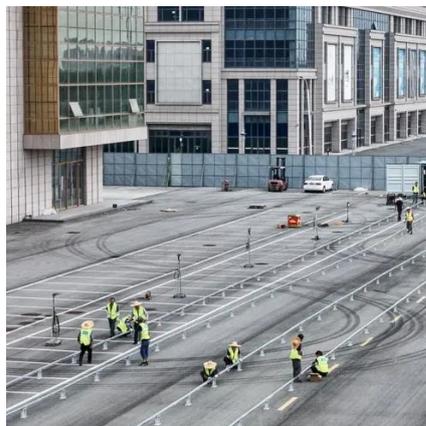

Expert Review of LONGi Solar Panels

Longi offers a wide range of solar panels for both residential and commercial applications, designed to meet the specific needs of different ...

Expert Review of LONGi Solar Panels

What solar panel modules does LONGi offer?
LONGi offers four main module series, the Hi-MO 7, Hi-MO X6, Hi-MO 5, and Hi-MO 5m, but only the Hi-MO 5m Series offers panels for residential use.
