

Malaysia home solar integrated machine

Overview

We design and manufacture integrated solar power systems, including PV standalone, PV-generator hybrids and grid-tie systems. Huawei's all-in-one smart PV system combines high-efficiency solar inverters, modular battery storage, and intelligent monitoring to power homes with reliable, clean energy under NEM 3. From power generation to battery storage and electric vehicle charging, FusionSolar simplifies clean energy. Solarvest is Malaysia's leading, largest, and award-winning integrated solar provider, with over 10 years of expertise and a strong track record. As a trusted solar company in Malaysia, we have developed more than 3,200MW of ongoing and completed projects across 8 countries in the Asia Pacific. Suncatcher Sdn. is an associate company to Linkbuild Sdn., a Mechanical & Electrical Engineering Contractor that was established in 1985. Linkbuild has vast experience in high and low voltage electrical installation works which spans commercial, industrial and residential infrastructures. Take control of your electricity bills with a smart Self-Consumption (SELCO) home solar system. Maximizing your returns while reducing your energy costs up to 90%. Design your own solar solar PV system.

Malaysia home solar integrated machine

Solar PV System For Residential

With that, we can power up all the home appliances at home. Solar Panel not only can generate clean energy, but it also helps to reduce the amount of heat radiation directly transfer into our roof or home.
