

Mozambique installs solar energy storage power station

Overview

The first solar power plant with an energy storage system in Mozambique was officially inaugurated on 14 September. Located in the province of Cuamba, Niassa district, the Teterane Power Plant combines a photovoltaic solar energy capacity of 19 MWp with energy storage. LONDON and MAPUTO, Mozambique, Nov. 1, 2023 /PRNewswire/ -- Globeleq, the leading independent power company in Africa and its project partners, Source Energia, an energy developer focused on Lusophone Africa, and Electricidade de Moçambique (EDM), the Mozambican national power utility, confirms. The Ministry of Mineral Resources and Energy (MIREME) of Mozambique has announced the launch of a new tender for decentralized solar photovoltaic (PV) and battery energy storage. The Cuamba Solar plant is Globeleq's first greenfield project in Mozambique, its first combined solar and storage facility in its operational portfolio, and. Summary: Mozambique's energy storage power station projects are revolutionizing renewable energy integration while addressing grid stability challenges.
