## New Delhi New Energy Storage Support Project

### South Asia's 'largest' battery energy storage system inaugurated at Kilokri

It is the first distribution-level standalone battery storage project in India to receive regulatory approval for a capacity tariff from the Delhi Electricity Regulatory Commission (DERC), setting a precedent for other states.

### [Four battery storage systems planned to improve power supply](#)

New Delhi: Delhi Electricity Regulatory Commission (DERC) has given its in-principle nod to BSES Rajdhani Power Limited (BRPL) to set up four grid-scale battery energy storage systems across ...

### [AmpereHour Energy Commissions India's First Regulatory-Approved ...](#)

In a significant step toward India's clean energy transition, AmpereHour Energy, in collaboration with Indigrid and BSES Rajdhani Power Limited (BRPL), has successfully commissioned the country's first ...

### India's first commercially approved Battery Energy Storage System in Delhi

Delhi's Power Minister Ashish Sood on Thursday inaugurated India's first commercially approved and South Asia's largest standalone utility-scale Battery Energy Storage System (BESS),

### [IndiGrid commissions India's first regulated utility-scale standalone](#)

IndiGrid, a power sector Infrastructure Investment Trust (InvIT) in India, has announced the commissioning of India's first regulated utility-scale standalone battery energy storage system (BESS) ...

### **Energy storage system at Kilokari to be operational, says Delhi's Power**

NEW DELHI: Power Minister Ashish Sood on Wednesday reviewed the progress of India's first commercially approved and South Asia's largest standalone Battery Energy Storage System (BESS)

#### Lithium battery parameters

Product capacity: 100Ah

Product size: 135\*197\*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5

### [IndiGrid Commissions India's First BESS Project for DISCOM in Delhi](#)

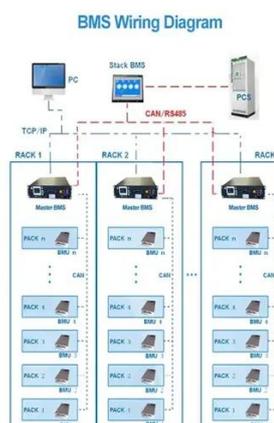

India's first commercial standalone battery energy storage system (BESS) project with a 20MW/40MWh capacity at the distribution company level and a tariff approved by the electricity regulatory ...

### **Battery Energy Storage System: Delhi's first commercial battery storage**

A 20 MW battery energy storage system in South Delhi will enhance grid stability, integrate renewables, and supply four hours of daily power.

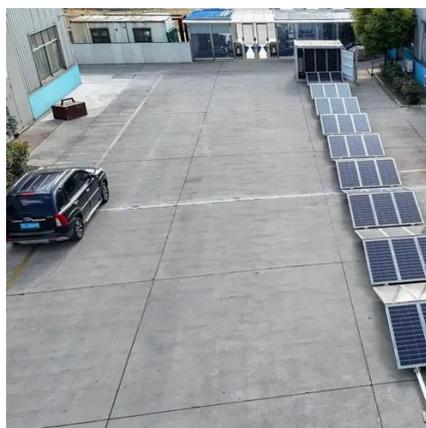

### [India's First Utility-Scale Standalone Battery Energy Storage System](#)

NEW DELHI , 8 May, 2025 -- The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone Battery Energy Storage System (BESS) project, the largest of its kind in ...

### **India's first commercially-approved BESS inaugurated in Delhi , Project**

On 29 May, 2025, Delhi's Power Minister Ashish Sood inaugurated India's first commercially approved and South Asia's largest standalone utility-scale battery energy storage system (BESS) at the 33 kV Kilokri ...
