

Outdoor solar power hub made in Luxembourg

Overview

Even a small country can hold great potential for solar energy—limited land area is no longer a barrier to building PV systems. A great example is the construction of two new ground-mounted solar power plants in Luxembourg, developed by the Greenbuddies team. The Luxembourg-based company manufactures its photovoltaic modules entirely in-house. “That's what we call reshoring. This shows how important solar energy has become. As Luxembourg City embraces sustainable urban development, outdoor power supply systems have become vital for public spaces, commercial hubs, and residential areas.

Solar energy systems in Luxembourg

Our range includes the Performance version and the Design ('Full Black') version, suitable for both residential and commercial needs, thus contributing to sustainable solar energy in Luxembourg.

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg 197mm / 7.7in

Product voltage: 3.2V

internal resistance: within 0.5
