

Photovoltaic business board

Overview

The North American Board of Certified Energy Practitioners (NABCEP) is a nonprofit professional certification and accreditation organization that offers both individual and company accreditation programs for photovoltaic system installers, solar heat installers, technical sales . The North American Board of Certified Energy Practitioners (NABCEP) is a nonprofit professional certification and accreditation organization that offers both individual and company accreditation programs for photovoltaic system installers, solar heat installers, technical sales . If you're interested in a career in design, installation, maintenance, or another aspect of working in photovoltaics, NABCEP Board Certifications can boost your earning potential and help you qualify for jobs that match your career interests. NABCEP Board Certifications are earned by demonstrating. NABCEP offers entry level knowledge assessment, professional certification, and company accreditation programs to renewable energy professionals throughout North America and the world. Raising industry standards and promoting consumer confidence, NABCEP is known as the “gold standard” for PV. MREA is a Registered Training Provider (RTP) for the NABCEP PV Associate Credential and offers advanced PV training hours for the NABCEP Board Certifications. Please note that MREA is not a provider of OSHA training, field experience, or project credits. We'll go over the requirements you need to meet to open up your business and tips to be successful.

Photovoltaic business board
