

Photovoltaic panels installed free of charge by the government

Overview

Despite what misleading ads suggest, you can't get free solar panels from the government. The ITC — also known as the Federal Solar Tax Credit — is a popular tax rebate program offered by the US Federal Government for homeowners looking to switch to clean, renewable solar power. In August of 2022, the United States Congress extended the ITC while at the same time raising the total. The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested. You can install solar panels on your roof with no upfront cost by signing a lease or PPA or taking out a \$0-down loan. Income-Qualified Programs Expanding: The EPA's \$7 billion Solar.
