Overview

Our ocean freight calculator allows you to select the container type you need for your cargo, including standard 20-foot and 40-foot containers, high cube containers, and reefers. Choose the option that suits the requirements of your cargo. An international container being sent from Shanghai to Los Angeles, for example, is always going to be less costly to ship than one being sent on a less common route. Additionally, based on dry, refrigerated, special-dimensioned, and FCL/LCL container shipping types, prices can fluctuate. All you need is access to our Online Business Suite to get started. Trusted by more than 100,000 customers worldwide. Retail, auto, electronic parts, and more.
