

# Solar container battery compartment AC power supply

## Overview

---

Mount high-efficiency solar panels on the container roof or adjacent racks and charge a battery bank to supply power. Temporary or tactical projects: Military field camps, film crews, agricultural projects and pop-up shops often set up in containers. Equipping one with. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Upgrade your shipping container home or office with a solar power kit and make the transition to off the grid living effortless! This system is designed to easily connect all your essential appliances (air-conditioners, computers, lights, microwaves and more). It's equipped with a 3000 watt power. To save a bit of money instead, you can source your own solar panels, solar charge converter, batteries, inverter, and wiring, then make it all play together. The Off Grid Container also.

## Solar container battery compartment AC power supply

### Instant Off-Grid(TM) Shipping Containers with Solar and Batteries and AC+

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
