

Solar incentives nassau

Overview

For Nassau County homeowners, there are several lucrative incentives to switch to solar. EmPower Solar helps you navigate these programs, including: Federal Investment Tax Credit (ITC), New York State Solar Incentives, Local utility rebates, Financing. Did you know that 73% of Long Island homeowners who installed solar panels in 2024 paid zero upfront costs?

This shift shows how solar financing has become more accessible. Homeowners no longer need to. New York State is making solar energy more accessible to homes, businesses, and communities through NY-Sun incentives and a network of qualified installers. (See 26. The most significant solar incentive currently available is the federal solar tax credit, also known as the federal investment tax credit (ITC).
