

Solar power generation labor installation fee

Overview

Labor is charged per watt, per hour, or as a flat project fee, ranging from \$0.00 per watt or \$50 to \$100 per hour. The cost of a residential solar installation is a blend of physical hardware, the labor to install it, and a variety of administrative expenses known as soft costs. This work has grown to include cost models for solar-plus-storage systems. Labor costs are determined by various factors including geographical location, the complexity of the installation, and skill level of the workforce, 2. Solar Panels Solar panels contribute the most significant portion to upfront costs. Grid-Tie: Which Makes Sense?

Solar installations cost \$15,000-\$35,000 with payback periods of 5-12 years depending on location and incentives.
