### [10 things you need to consider when it comes to your EMS station](#)

Provide Spaces to Promote Rest with Individual Dorms, Safe Sleep Room  
Look For Energy Efficiency When Choosing Appliances  
Carve Out Specific Spaces For Specific Uses  
Reconsider Your Alarms and Lighting, Especially at Night  
Make Physical Fitness A Priority  
Plan Ahead For Your

Power Needs  
Design Ambulance Bay Doors For Safety and Speed  
Ventilate The Ambulance Bay  
Build in Disinfection Capabilities  
Provide Secure Drug Storage & Inventory Management  
Be sure to include sufficient wiring and docking stations to handle all the equipment and devices your crews need, both now and in the future. Take an inventory of your current equipment and personnel to account for the number of USB connections and power sources you'll need for smartphones, tablets, etc., and include these outlets in your dormitor See more on ems1
