

# Swarco taxi charging

## Overview

---

SWARCO Smart Charging and Transport North East have gone live with the latest electric vehicle (EV) charging network, consisting of 10 rapid charging points across Newcastle, North and South Tyneside, Gateshead, Durham, Northumberland and Sunderland- targeted at the taxi and private hire market. Payment for Charging is made through accredited Payment Service Providers ensuring that drivers can be sure that they are protected throughout the charging process. New to the Evolt Network or want to apply for an RFID card, then sign up here Existing customers login here to access your account. Conveniently power up your electric vehicle at this Swarco charging station located on College Street in Rotherham. It's also the second largest charging hub in the UK with a maximum capacity of 36 EVs. Need help?

. ssible, reliable, market leading back office solution. CONNECT online or via the mobile app.

## Swarco taxi charging

### Electric charging points for taxis

As a registered driver of an electric taxi, you are eligible for a preferential rate. To pay at the reduced rate, you must use the contactless RFID card that Swarco gave you when you registered with them.
