

The longest blade of a wind turbine

The longest blade of a wind turbine

[World's biggest onshore wind turbine blades unveiled in China](#)

The world's largest-ever onshore wind turbine blades have been manufactured in China. At 131 metres in length, each foil would dwarf Big Ben or the Statue of Liberty.

[What Are The Longest Blades For A Wind Turbine?](#)

Sany Renewable Energy, a Chinese wind turbine manufacturer, has built the world's longest onshore wind turbine blade, the SY1310A, which is 430 feet (131 meters) long.

[How Long Are Wind Turbine Blades? Explore Impressive Dimensions](#)

Did you know that the longest wind turbine blades now measure an astonishing 115.5 meters, nearly as tall as the Statue of Liberty? This impressive dimension is not just a feat of engineering; it plays a ...

- LIQUID/AIR COOLING
- INTELLIGENT INTEGRATION
- PROTECTION IP54/IP55
- BATTERY /6000 CYCLES

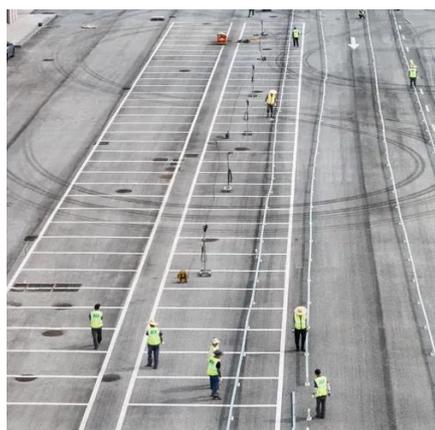

[Currently the longest wind turbine blade is 88.4 - 35 years](#)

Currently the longest wind turbine blade is 88.4 metres, produced for an 8 MW offshore turbine. Photo: LM Wind Power, 2017.

[The World's Longest Wind Turbine Blade - FTW](#)

In fact, the design size of this blade has been proposed for a long time, but this is the first time that the blade has been officially produced. The new blade has also broken the record of GE's LM 107 meter long blade ...

[How Long Is a Windmill Blade? Discover the Amazing Size of These ...](#)

The world's longest turbine blade measures approximately 107 meters (351 feet), designed to enhance energy capture in wind farms. These advancements not only extend blade length but also improve ...

[The world's longest onshore wind turbine blade makes its debut](#)

SANY Renewable Energy, a wind turbine manufacturer in China, has built the world's longest onshore wind turbine blade. The SY1310A is 430 feet (131 meters) long and rolled off the assembly line

[World's longest wind turbine blade successfully completes its first](#)

The world's longest wind turbine blade, at 88.4 meters, has successfully completed its first journey - perhaps as the largest cargo ever transported on danish roads.

[Engineering Feat: World's Longest Onshore Wind Turbine Blades](#)

China's wind turbine manufacturing giant, SANY Renewable Energy, has recently developed the world's largest onshore wind turbine blades. At a length of 430 feet, the SY1310A blade exceeds even that of ...

[N China produces world's longest wind turbine blades](#)

The first set of 131-meter-long onshore wind turbine blades, the longest in the world, have been successfully produced in Bayannur, north China's Inner Mongolia Autonomous Region, according to local ...
