

# Trinity a680 photovoltaic panel price

## Overview

---

The average installation cost for a 6kW Trinity solar system currently ranges between \$14,800 and \$21,300 before incentives, according to the 2024 National Renewable Energy Lab (NREL) report. But wait, no – that's national averages. Solar panels reduce your utility bill by producing affordable energy. Making solar your primary energy source protects you from rising utility rates. Many states offer incentives and rebates that make solar even more beneficial. Use the form below for custom quotes from local installers. Note: In July 2024, SunPower notified dealers it would be halting all new shipments and project installations. Data source: IRENA (2025); Nemet (2009); Farmer and Lafond (2016) – Learn more about this data Note: Costs are expressed in constant 2024 US\$ per watt. This typically translates to about \$2.
