

US standard outdoor battery cabinet converted to 220v

Overview

HBL offers a full range of customized battery cabinets to house your battery and ensure safe operation. Our battery enclosures are designed and manufactured in the USA to meet the exact specifications of our customer. Manufactured with Alumaflex®, these heavy-duty enclosures are designed to withstand extreme weather conditions, including wind, rain, snow. AZE's all-in-one IP55 outdoor battery cabinet system with DC48V/1500W air conditioner is a compact and flexible ESS based on the characteristics of small C&I loads. The commercial and industrial (C & I) system integrates core parts such as the battery units, PCS, fire extinguishing system. Outdoor battery cabinet enclosure are designed to house a variety of batteries and ideal for applications where your expensive and sensitive network equipment is exposed environmental factors such as dust and water. Includes: locking door with air conditioner, 19inch rackmount rails, floormount. SBS designs and builds custom DC enclosures for battery systems and/or chargers. A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or 12) or outdoor (NEMA 3R) rated enclosure.
