

# Uzbekistan air compression energy storage power station

## Overview

---

Uzbekistan's first energy storage facility, with a 150 MW capacity, will launch in the Fergana region in January 2025, according to the National News Agency (UzA). Construction began in the summer of 2024, featuring a storage system with a distribution unit and 90 battery modules. Tashkent, Uzbekistan, January 24, 2025 /PRNewswire/ - Sungrow, a global leader in PV inverters and energy storage systems (ESS), in collaboration with China Energy Engineering Corporation (CEEC), is proud to announce the successful commissioning of the Lochin 150MW/300MWh energy storage project in. UAE-based companies Masdar and AMEA Power will build new energy storage systems in Uzbekistan, the Ministry of Energy announced. The agreements were signed during the ENACT Majlis and ADIPEC-2025 international forums on artificial intelligence and energy, held in Abu Dhabi. Local suppliers. The Ministry of Energy of Uzbekistan and Saudi Arabia's ACWA Power inked a \$1. This 250 MW/500 MWh battery storage facility addresses critical energy challenges while showcasing innovative grid-scale solutions for Central Asia's growing. Home » Uzbekistan to build first storage power plants in Central Asia jointly with China An ambitious project for the construction of the first storage hydropower plants in Central Asia will be implemented in Uzbekistan.
