One of the Vatican's most notable initiatives is the expansion of solar energy systems across key locations. Photo: Independent Vatican goes further in clean energy: panels now also in its ...

Vatican City Is Now Powered By Solar

Part of Pope Francis' dream was to ensure the city state in Rome ran on green energy. An agrivoltaic plant on Vatican property is the result.

Inside the Vatican's Climate Agenda

The Vatican is going green with solar panels, EVs, and net-zero goals--blending faith and climate action in a push for sustainability.

[Pope Francis unveils plan for Vatican to go solar](#)

Vatican City, Jun 26, 2024 / 17:30 pm (CNA). Pope Francis has announced measures to transition Vatican City to using solar energy as its main source of electricity, as outlined in his latest motu

[Solar to be Vatican's sole energy source, pope orders](#)

Pope Benedict XVI kicked off the Vatican's green initiatives in 2008 by installing solar panels on its audience hall. But it has been Francis, 87, who has lambasted human-caused climate change and ...

[Pope orders construction of solar plant to power the Vatican](#)

Pope Francis has ordered the construction of a solar power plant to supply the Vatican's electricity needs. He did so with the apostolic letter in the form of Motu proprio Fratello Sole, ...

[From electromog to photovoltaics: how the Vatican is going green](#)

A solar panel system is being built on the 424 hectares of extraterritorial land in Ponte Galeria, which within a year will make the Holy See the first zero-emission state in the world.

[Solar Energy in Vatican City: Utilities & Bill Insights](#)

Embracing Solar Power: A Historical Context
Vatican City's journey towards solar energy began as part of a broader commitment to environmental stewardship, a principle deeply rooted in Catholic ...

[Vatican City now runs fully on solar power « Euro ...](#)

The world's smallest country just made a big move: Vatican City is now powered entirely by solar energy, setting an example for global climate action.

['Light of the World' to Be Solar Powered at the Vatican](#)

The Vatican is going solar. The Holy See will use land outside Rome that it already owns to construct an agrivoltaic plant to power the entire city-state.
